Raising the Bar on Quality & Safety in Rural Hospitals

Thursday, May 2, 2013

Heartland Events Center
700 East Stolley Park Road, Grand Island, NE
Bosselman Conference Center

Speakers

Scotta L. Orr, MPH, RN, CPHQ – Director of Quality & Accreditation Services;
Transylvania Regional Hospital

Missy Sutton, RN, BSN - Director of Quality Improvement, Risk Management,
Corporate Compliance; Ste. Genevieve County Memorial Hospital

Dave Palm, PhD - Administrator of Office of Community and Rural Health,
Division of Public Health; Nebraska Department of Health and Human Services

Audience

Nursing Leaders, Quality Leaders, Administrators & Board Members

Program Purpose

The purpose of this activity is to enable the learner to utilize best practices in the public reporting of quality data, recognize the implications of the data and strategize an action plan as needed.

Program Objectives

1. Review the process of decreasing safety events via transparent education, i.e., safety board.
2. Identify strategies to gain board level support for implementing the process.
3. Identify strategies to begin a journey toward zero patient harm.
4. Define public reporting and review components of MBQIP.
5. Discuss the need for public reporting of data.
6. Identify challenges to reporting.
7. Identify critical Access Hospital Quality opportunities, including MBQIP.
8. Identify options to overcome challenges of implementing change and quality data collection and reporting.
9. Discover options to overcome challenges of improving quality scores and achieving the positive outcomes of high performing quality organizations.
10. Discuss the rationale for improving quality of care.
11. Explain the MBQIP program.
12. Review recommendations to reduce gaps.

Disclosure Information

Speakers and planners have no financial interest or relationship to disclose with any of the products and/or services discussed in the program. Speakers do not intend to present an unapproved/investigative use of a commercial product/device.
